Chapter 1 by Gizmo

Walking outside is like walking under polluted water. You need gas mask every time you step outside. The atomic bomb air was so powerful an deadly. You would think 1 is enough but no they did 3. The bombs hit in LA, NY, and DC. The hit on the white house was the most impactful hit on the U.S. The president was fine which was a good thing or at least we thought. I live in Louisianan and chaos has taken over the country.....in better detail.....my state. We thought it would save us to have the president but one thing I didn't see coming is that he was helping them the whole time.....

Chapter 2 by Nini Reyes

His name was Donald Trump (no offense Donald Trump lovers). He worked with our sworn enemies, ISIS. Donald NEVER built a wall, instead he lied, and hid true facts about him and ISIS. He worked with them day and night, weeks after weeks, and months after months.

"Trump, sir?"

"What?"

"Someone is here to see you."
